Craven's 1<sup>st</sup> year as a member of the Demon varsity baseball squad could prove to be a good one. With speed to burn, Craven will have the opportunity to make center field his home. Craven's hitting from the left side and instincts on the bases make him a real problem for all opponents. The Demons need Craven's skills, speed, and focus in their search for their 1<sup>st</sup> CPC title in 4 years.

Craven also plays football and lettered this year for RJR. His favorite Major League baseball player is Vladimir Guerrero. His best high school memory was hitting and inside-the-park HR against Carver HS.

Craven's mother is Jannifer Conrad.
